

TREND NETWORKS
CLOUD CONNECTED TESTERS

Smart Savings: **Discover Our Renewed Testers!**

At TREND Networks, we understand the importance of quality equipment, even when you're working with a tighter budget.

These aren't just "used" OR "returned" testers; each unit undergoes a rigorous refurbishment process, including comprehensive testing and calibration, to ensure it meets our strict quality standards.

Why Choose a Renewed Tester?

Every TREND Renewed Product completes a rigorous refurbishment process. This includes:

- A NEW Battery
- 12 Months warranty on parts and labour
- **Sustainable Choice:** Opting for a renewed tester also helps reduce waste, making it a more environmentally friendly choice for your business.
